LONG HOT SUMMER . . . SPECIAL

To keep you looking gorgeous through the long hot summer, you receive . . .

ENVIRON RESCUE FACIAL  
EYE LASH TINT  
EYEBROW SHAPE  
SUDO SPRAY TAN

WOW! That's over \$175 worth of treatments  
... for only \$110

## HOT TIP

To give smoky eyes longevity, use wet eyeshadow brushes to apply powders. This stops droppage on cheeks and sets powder shadows, helping them stay. A shadow with a touch of shimmer will look like a liquid liner once wet, while matt shadows become deeper in colour.

## CONGRATULATIONS . . .

. . . to Trish Nydam for winning the Xmas rebooking competition which included a whole year of monthly facials and hair treatments.

AUTUMN  
newsletter

APRIL '10

I hope you have enjoyed your lazy, hazy, crazy days of summer and looking forward to 2010.

The down side of all that lazing round in the sun, fine lines, wrinkles and pigmentation are just the beginning.

Summer has always been harsh on our skin, especially now that the sun is in full force. A great way to maintain your skin through autumn is to try one of our Environ facials.

Want to still be on holiday and feel like you are in the tropics, then book in for one of our Pina Colada pedicures and keep relaxing!!

We look forward to seeing you in the salon again soon.
