WINTER SPECIALS

The Ultimate Environ Facial Experience

Plus an anti-ageing rejuvenating hand treatment **FREE**,

and a **complimentary** New Seasons Jane Iredale Mineral Makeover.

Skin Rejuvenation

25% OFF. A course of 4-5 treatments (1 every 4 weeks) is recommended for optimal results, however the number of treatments may vary depending on the condition of your skin and skin related symptoms. Top up treatments may be required every 6 to 12 months to maintain results or treat new lesions, particularly for people prone to dilated capillaries, melasma or rosacea. This also keeps the fibroblast cells activated to renew collagen and elastin production.

As we head into the cooler weather, it is an ideal opportunity to re-evaluate our skincare and make up needs. Many treatments, such as peeling, are not recommended during summer due to New Zealand's high UV count. **Autumn and Winter present a perfect opportunity to address skin concerns.** With the change of season also comes a change in fashion. Speak to one of our expert make-up specialists about updating your look, a small tweak may be all it takes to keep your look current. In the meantime, embrace the change in seasons – enjoy the colour show that nature puts on for us and keep warm and well.
